BEWARE

Mountain biking is a potentially hazardous activity carrying a significant risk. Undertaking this activity may result in injury or death to the person and/or property loss or damage. The activity should only be undertaken with a full understanding of all inherent risks.

Barrington Bike Park takes no responsibility for injury or death nor failed, lost or damaged equipment.

Our trails are located in a natural and undeveloped area that contains thick flora and fauna. Stinging trees are particularly prevalent, but riders should be aware of all flora and fauna during their ride.

EMERGENCY INSTRUCTIONS

INSTRUCTIONS / WHAT TO DO IN EXTREME WEATHER

Make your way off the trails as soon as possible and report to a staff member.

If you come across an injured rider, report their location to a staff member as soon as possible.

CHECK OUT

Check out at the office when you are finished riding.

EMERGENCY ACCESS

RULES OF TRAILS

BY ENTERING BARRINGTON BIKE PARK, YOU AGREE TO THE FOLLOWING CODE OF CONDUCT.

PROTECT YOURSELF

BUT LEAVE THE HAZMAT SUIT AT HOME

Use appropriate equipment and safety check your bike before riding. Working brakes, front (first transition only) or dual suspension and tyres at least 1.9" wide are minimum standards.

Always wear a helmet (Australian Standard AS/ANZ 2063 – 2008)! We recommend using additional protection like knee and elbow pads, gloves and full-face helmets. Consider long clothing and sun protection.

Full-face helmets are required for all trails starting at the second trailhead.

KNOW YOUR LIMITS

YOU CAN WORK UP GRADUALLY TO 'GOD-LIKE'

Only ride within your ability. Use common sense, start slow and work your way up. You are responsible for always staying in control as well as avoiding people and objects. Inattention for even a moment could put yourself and others to risk.

Children under 12 must be accompanied by an adult at all times. They can only ride from the first trailhead.

ALWAYS BE VISIBLE

OR YOU MAY BECOME ROADKILL

Stopping on trails where others can't see you is dangerous! Especially in the rainforest, some trails aren't visible from above at all points. Do not obstruct a trail and always look out for others.

BE CONSIDERATE

JUST AS YOUR NANNA ALWAYS SAID

Look uphill before entering a trail. Give way to other riders. Alert other riders while overtaking.

COOPERATE

BECAUSE THIS IS NO-ONE'S KINGDOM

We ask for your assistance in case of accidents and/or other incidents. Please inform park management.

DON'T DRINK AND RIDE

BECAUSE YOU MAY NEED THAT NECK OR SPINE FOR LATER

Never ride under the influence of alcohol or drugs.

OBEY DIRECTIONS

YES, THERE IS A HIGHER POWER, SEE BELOW

Never enter closed trails and always obey signs and staff. Ride on trails only and don't cut new lines.

STAY ON THE TRAILS

OR YOU MAY GET EATEN

Our trails are surrounded by fierce vegetation that will sting and scratch you! There are steep drop offs, snakes and biting ants. Staying on the trail protects you and the natural environment.

CHECK CONDITIONS

THIS IS WILD NATURE, NOT DISNEYLAND

Conditions change constantly. Please inspect trails and features and adjust your riding. Stay on trails. Report safety concerns such as fallen trees to the park management.

RESPECT OUR TRAILS

WASH BEFORE USE AND YOU ALREADY KNOW LITTERING IS FOR LOSERS

We care for our environment. Please do the same. Please wash your bike prior to entering Barrington Bike Park to avoid weed contamination. Take out your waste and do not disturb flora or fauna.

Any guests not complying with our rules will have their pass revoked. No refund will be provided. (This is the higher power mentioned above.)

Thanks for your cooperation.
